

## All One Ocean Program Manager 2020 Job Description

**Reports to:** Executive Director

**Hours:** Maxed at 15-30 hours per month

**Location:** Work from home but must reside in San Francisco Bay Area

### Description of the organization:

All One Ocean's mission is to educate our communities about litter entering our waterways and how it affects our health and our environment. We believe the solution to degradation of our waterways starts with education, and we provide crucial education through our two primary programs: Ocean Warriors (OW), our elementary school environmental leadership program, and our Beach Cleanup program. Bay Area based All One Ocean, a Project of Earth Island Institute, was founded by Hallie Iglehart in 2010 after encountering a seagull entangled in fishing line on her daily beach walk. Iglehart untangled the bird, but knew her work wasn't finished and she developed a simple yet powerful tool – Beach Cleanup Stations, which have been used to remove over 1.1 million pieces of trash since their inception. Since 2011, All One Ocean has installed over 54 Beach Cleanup Stations in California, Baja, Hawaii, Iowa, Florida, Alaska and Alabama. Complementing this work, we focus our education primarily around Ocean Warriors, our elementary school environmental leadership program and customized Beach Cleanup Program. Ocean Warriors is focused on our youth. This Project-Based Learning program is a sustainable approach to changing behaviors at the source and creating a new generation of environmental leaders, making beneficial daily choices for our environment. Tying in our Ocean Warriors and Beach Cleanup Station programming, we organize education based beach clean ups to entire communities focused on community building, team work and gaining a deeper understanding of how pollution effects our global eco-systems.

**Summary:** The Program manager will manage and implement Ocean Warriors, manage, mentor and oversee our high school intern program, and partner and participate with the Director and Assistant Program Manager on all other programming needs.
